STRATEGIC COMMUNICATIONS
IT SERVICES • CLOUD • AUDIO / VIDEO

Future-Ready. Mission-Focused.

Strategic Communications specializes in fueling federal, state, and local government agencies with smarter technology. We are public sector driven, and are designed to operate as your one-stop-shop for all things multicloud within the public sector.

Signature Solutions

Cyber Security
- Visibility
- Detection & Response
- Access Control
- Governance & Protection
- Operational Backbone

Cloud Migration & Modernization
- Migration Accelerator
- Multicloud Adoption
- Infrastructure Modernization

Responsible AI
- Generative AI Applications
- Secure AI Framework
- AI Proof of Concept

Enterprise Applications
- Serverless App Development
- CICD, CMMI & DevOps
- Business Applications

Advisory & Strategy
- Baseline to Blueprint
- CCoE Implementation
- Professional Services

Data Observability & Lifecycle
- Intelligent Data Lifecycle
- Observability, Monitoring & Data Health
- Data Lake Architecture & Federation

Digital Transformation
- Customer Experience
- Business Process Optimization
- Financial Optimization

Enterprise Applications

- **Primary NAICS: 541519**
- **Cage Code: 3BGB4**
- **UEI: LJZRP7SE5LN4**
- **WOSB, MBE, WBE**
- **8(a) JV/HUBZone**

Strategic Advantages

- Mission-critical expertise
- Security & compliance excellence
- Agile & responsive partnership
- Cost-effective solutions that avoid vendor lock-in
- End-to-end capability

U.S. AIR FORCE

Kessel Run

Strategic Communications (SC) designed and implemented a secure, scalable AWS infrastructure for Kessel Run using EC2, RDS, and ELB, while leveraging AWS GovCloud to ensure a multi-tiered security posture that meets government compliance standards and supports mission-critical application performance.

NSF

National Science Foundation

SC modernized NSF's cloud infrastructure through comprehensive AWS migration, supporting 50,000 annual research proposals. Despite handoff delays from the previous provider, SC executed a seamless transition while maintaining FISMA and NIST compliance, and offering cost-optimization tools enabling data-driven purchasing decisions.

FCC

Federal Communications Commission

SC delivered AWS resell services with detailed cost visibility, well-architected optimization, and right-sized workloads. Upgraded to Enterprise Support for enhanced service levels from both AWS and SC, plus customized contract and business reporting solutions.

DHA

Defense Health Agency

SC provided AWS resell services featuring comprehensive cost management and optimized, well-architected infrastructure. Implemented Enterprise Support alongside specialized HIPAA and HITRUST compliance frameworks to safeguard active duty personnel's sensitive medical records and data.

Federal Government Contract Vehicles

NASA SEWP V, Groups C & D
- IT equipment & services for Federal agencies
- Multiple agency catalog
- 10 Year, $20B ceiling
- Contracts: NNG15SC90B, NNG15SC50B

GSA IT Schedule 70
- Cloud & cloud-related professional services
- Contracts: Cloud 47QTCA21D007U MAS 47QTCA19D00DH

2GIT - (GSA BPA)
- Contract: 47QTCA21A000W

Army Digital Market ITES-4H
- 10 Year, $10B ceiling
- Contract: W519TC-25-D-A040

Army Digital Market ADMC-3
- Computer & printer equipment
- 10 Year, $5B ceiling
- Contract: W52P1J-19-G-0050

NITAAC CIO-CS
- GWAC contract managed by the NIH CIO
- Contract: HHSN316201500048W

Army Digital Market ITES-SW2
- Software solutions
- 10 Year, $13B ceiling
- Contract: W52P1J-20-D-0065
