Past Performance

Center For Disease Control (CDC): Strategic Communications provided Infrastructure as a Service (IaaS), and Platform as a Service (PaaS) AWS cloud solutions. These solutions were utilized in architecting a secure and flexible cloud environment dedicated to tracking, storing and archiving data.

The National Institutes of Health (NIH): Strategic Communications provided conference room AV upgrades and low voltage cabling services for the NIH headquarters in Bethesda, MD. Additionally, Strategic holds a NIH GWAC contract called NITAAC CIO-CS providing IT products and services to hundreds of federal agencies.

U.S. Department of Health and Human Services (HHS): Strategic Communications provided IT products and services ranging from video conferencing, audio video, networking, connectivity, electronic health record management and more.
